The distinctive and inimitable feature of the organisation is that it offers practical assistance and succour in the shape of advice, connectivity and direction in terms of information and resources available to it, thus helping to overcome the bureaucratic procedural complexities at either end.

To this end, we are working in close co-operation with the Pakistan High Commission in London as well as the pertinent Ministries of Trade & Commerce in Pakistan. Already, during the last couple of years and during the Covid lock-down, a number of webinars have been held by UKPBC, wherein the Provincial Governors and relevant Ministers from Pakistan joined and rendered valuable advice laying out the fiscal roadmap of the government of the time for the coming years, thus building much needed confidence in the potential investors in both UK and Pakistan.
